To
Mr. R.Sekar
President
FIGSI
Bangalore.

Dear Mr.Sekar,

At the outset I wish to thank you and your team of Office bearers and Executive members of FIGSI for the outstanding contributions to the stone industry for the past two terms.

Over the last 4 years your leadership has been characterized by innovative ideas, strategic thinking and most importantly your tireless efforts to increase credibility and visibility to build FIGSI as a formidable organization for the stone fraternity. During your tenure you have developed a cordial relationship with your office bearers, members, governments and other stakeholders.

I would say, by all measures, FIGSI has scaled new heights in increasing the membership base, showcasing world class exhibitions for the members products, enhancing the quality and impact of secretarial staffs, improving the financials and acquiring real estate assets for long term growth and development of our federation.

Your dedication and devotion to the role you played will be difficult to match but you will leave your office on a strong footing for those who follow you. It is indeed my great privilege and pleasure to thank you once again for the great job you have accomplished in your 4 years of dedicated service to the federation.

I wish you all the best in your future endeavors and look forward to your continuous involvement in the stone industry and especially with FIGSI.

Sincerely,

S.Muthurajan
Past President -FIGSI
